

# Remove | Grow | Nourish

**RGN Regenerative Skin Solution Price List**

RGN Regenerative Skin Solution products are developed, formulated, and manufactured in an FDA-licensed manufacturer under the FDA Good manufacturing Practice (GMP). FDA certification requires more stringent quality control and testing than is required for a general cosmetics lab, ensuring a higher level of safety, quality, and purity. Each step in the manufacturing process carefully monitored.

Code	ITEM DESCRIPTION	Main Ingredients	Sugg. Retail Price
DNA	 DNA Serum 30ml	<b>Ingredients</b> Human Fibroblast Conditioned Media, Glycerin, Citrullus Lanatus (Watermelon) Fruit Extract, Gossypium Hirsutum (Cotton) Extract, Polysorbate 20, Arabidopsis Thaliana Extract, Lecithin, Xanthan Gum, Lactic Acid, Citrus Grandis (Grapefruit) Peel Oil, Mentha Piperita (Peppermint) Oil, Phenoxyethanol, 1,2 Hexanediol, Caprylyl Glycol.	\$152.00
G 11	 G11 RGF Regenerative Serum 30ml	<b>Ingredients</b> Copper Tripeptides-1, Epidermal Growth Factor, Fibroblast Growth Factor, Palmitoyl Oligopeptide, Ascorbic Acid, Riboflavin, Vitamin B5, Niacinamide, Biotin, Folic Acid, Proline, Aspartic Acid, Arginine, Lysine, Glutamine, Tyrosine, Hyaluronic Acid	\$134.00
N 12	 N12 Vitamin C Vital Cream 50g	<b>Ingredients</b> Tetrahexyldecyl Ascorbate, Ceteareth 20, Prunus Armeniaca (Apricot) Kernel Oil	\$68.00
R14	 R14 AHA Cleanser 7.5% 148ml	Glycolic acid 7.5% <b>Ingredients</b> Water, Decyl Glucoside, Ammonium Lauryl Sulfate, Glycolic Acid, Cocamidopropyl Betaine, Sodium Lauroyl Sarcosinate, Lavandula Angustifolia	\$29.00
N11	 N11 Pure Squalene Moisturizer 30ml	<b>Ingredients</b> 100% pure squalane from olives	\$50.00
R11	 R11 Pearl Gentle Cleanser 160ml	Citrus Medica Limonum (Lemon) Peel Oil <b>Ingredients</b> Water (Aqua), Ammonium Lauryl Sulfate, Cocamidopropyl Betaine, Glycol Distearate, Sodium Laureth Sulfate, Cocamide MEA, Laureth-10, Glycerin, Citrus Medica Limonum (Lemon) Peel Oil, Polysorbate 20, Citric Acid, Phenoxyethanol, Methylparaben, Ethylparaben, Propylparaben, Butylparaben.	\$29.00

**Key Ingredients: RGN DNA Serum 30ml**

RGN DNA Serum is an intensive anti-aging serum designed to diminish the signs of aging and sun damage by accelerating DNA repair and restoring the growth factors present in healthy, young skin.

Fortify your most powerful defense against visible aging. your skin’s remarkable ability to heal itself with DNA Serum. Engineered with advanced stem cell technology, DNA Serum is designed to rejuvenate you skin for a more radiant, youthful complexion by activating the natural processes that repair damage that causes wrinkles, fine lines, age spots, and lax skin. Formulated with all the human growth factors found in healthy, young skin to return your skin to a more youthful state. Empower your skin to renew itself.

Featured Ingredients	Function	Skin Benefits
Human Fibroblast Conditioned Media	Restore, repair, rejuvenate	<ul style="list-style-type: none"> <li>Human Fibroblast Conditioned Media contains multiple growth factors to restore youthful levels of regeneration and repair.</li> <li>Scientific studies have shown that dermal application of growth factors can improve skin’s texture and elasticity by rejuvenating its cell proliferation and healing process.</li> <li>Chaperone proteins protect the active ingredients and help them penetrate more deeply for fast, dramatic results</li> </ul>
Cotton Extract	Restore, repair, rejuvenate	<ul style="list-style-type: none"> <li>Cotton extract may boost skin’s repair mechanisms and encourage the elimination of DNA damage, helping to reduce inflammation and erythema and prevent premature skin aging.</li> </ul>
Arabidopsis Thaliana Extract	Restore, repair, rejuvenate	<ul style="list-style-type: none"> <li>Arabidopsis Thaliana extract contains a repair enzyme that recognizes DNA damage and initiates and accelerates the repair process to restore optimum skin health</li> </ul>

Growth factors are natural proteins abundant in young, healthy skin that nourish skin cells and keep them active, regulating repair and renewal processes. They are involved in cell generation, collagen production, and elastin production. These functions help keep skin taut, firm, and smooth. As skin ages or suffers photo-damage from sun exposure, it produces fewer growth factors, loses elasticity, and develops wrinkles and discoloration. Now, advances in biotechnology have made it possible to produce growth factors in a laboratory and stabilize them for topical application.

The unique DNA formula contains human fibroblast conditioned media with multiple growth factors to restore youthful levels of regeneration and repair. The pure, well-documented process of producing this conditioned media maintains the chaperone proteins with the growth factors to protect the active ingredients and help them penetrate more deeply for fast, dramatic results. Scientific studies have shown that dermal application of growth factors can improve skin’s texture and elasticity by rejuvenating its cell proliferation and healing process.

**Key Ingredients: RGN G11 RGF Regenerative Serum 30ml**

G11 RGF Regenerative Serum is designed to rejuvenate the appearance of aging and sun-damaged skin. Epidermal growth Factor and fibroblast growth factor promote a more radiant complexion and smoother, firmer skin. Peptides help to smooth fine lines and increase elasticity. Additional key ingredients include hyaluronic acid to protect skin from moisture loss.

Featured Ingredients	Function	Skin Benefits
Purified Fibroblast Growth Factor (FGF)	Restore, repair, rejuvenate	<ul style="list-style-type: none"> <li>Stimulates fibroblast synthesis to create new collagen and elastin to help firm, smooth, increase moisture content, tone skin texture, and increase “snap-back” value</li> <li>Enhances wound healing process and regeneration time frame</li> <li>Plays a role in new blood vessel formation to strengthen microcirculation to speed up healing time and the skin renewal process</li> </ul>
Purified Epidermal Growth Factor (EGF)	Restore, repair, regenerate	<ul style="list-style-type: none"> <li>Stimulates keratinocyte and fibroblast synthesis to enhance skin tone, texture, moisture balance, and wound healing and to provide a healthy, vibrant, youthful complexion</li> <li>Studies show that EGF enhances the wound healing process following severe burns</li> <li>Helps regulate cellular bioactivities, leaving skin more stress resistant, and helps to balance barrier protection, promoting healthier skin function</li> </ul>
Palmitoyl Tetrapeptide-7	Smoothing and regenerating peptide	<ul style="list-style-type: none"> <li>Significantly increases skin elasticity, firmness, and tone</li> </ul>
Vitamin C	Vitamins	<ul style="list-style-type: none"> <li>Antioxidants that neutralize free radicals to support the skin’s ability to heal, regenerate, and prevent premature aging</li> </ul>
Vitamin B2, B3, B5, B6	Vitamins	<ul style="list-style-type: none"> <li>Increases resistance to photo-aging and helps prevent immuno-suppression and skin cancer caused by UV rays</li> <li>Enhances cell metabolism and the results of growth factors</li> </ul>
Vitamin H	Vitamin	<ul style="list-style-type: none"> <li>Works alongside B vitamins to support cell metabolism and overall healthy function of the skin</li> </ul>
Hyaluronic Acid	Humectant, emollient	<ul style="list-style-type: none"> <li>Provides essential cellular lubrication</li> <li>Enhances transport of cell communications &amp; migration and delivery of active ingredients</li> <li>Supports healthy cell function</li> </ul>

**Key Ingredients: RGN N12 Vitamin C Vital Cream 50g**

RGN N12 cream that addresses the signs associated with aging and photo-aging skin to brighten, tone and firm.

Featured Ingredients	Function	Skin Benefits
Tetrahexyldecyl Ascorbate (Vitamin C Ester)	Vitamin	<ul style="list-style-type: none"> <li>• A highly stable, non-aqueous form of vitamin C that easily penetrates skin and delivers pure vitamin C 50 times more effectively than ascorbic acid</li> <li>• Helps enhance collagen formation</li> <li>• Improves skin elasticity</li> <li>• Neutralizes free radicals</li> <li>• Anti-inflammatory and soothing effect helps relieve sun-damaged skin</li> <li>• Helps to lighten the appearance of age and sun spots</li> <li>• Inhibits the formation of hyperpigmentation</li> </ul>
Prunus Armeniaca (Apricot) Kernel Oil	Emollient	<ul style="list-style-type: none"> <li>• Apricot Kernel oil is rapidly absorbed by the skin and once absorbed, acts as a good occlusive and moisturizing agent.</li> <li>• Has a high vitamin E content that aid the skin in retaining elasticity, clarity and suppleness.</li> </ul>
Other facts	Others	<ul style="list-style-type: none"> <li>• Non-greasy</li> <li>• Non-comedogenic</li> <li>• Hypo-allergenic</li> <li>• Fragrance-free</li> <li>• Cruelty-free</li> </ul>

Tetrahexyldecyl ascorbate is a form of vitamin C that's been modified to be more lipid soluble. This modification allows it to better penetrate the skin. The problem with most topical forms of vitamin C is they're water soluble and can't make it through the lipid-rich skin barrier to reach the dermis of skin where they could have maximal benefits. Tetrahexyldecyl ascorbate is able to successfully penetrate the epidermis and move to the layer underneath called the dermis. It's in the dermis that collagen, a protein that gives skin its youthful firmness and ability to resist wrinkles, is made.

Vitamin C has a variety of benefits for health and for maintaining healthy, youthful skin. It functions as an antioxidant, helping to offset oxidative damage that degrades collagen and leads to wrinkles and saggy skin. When skin is exposed to ultraviolet light from the sun, a sequence of events occurs that leads to free radical production. These free radicals damage skin cell membranes and activate enzymes that break down collagen and elastin, two most important proteins that keep skin firm and youthful. Vitamin C has the ability to donate electrons to free radicals so they aren't as damaging to cellular structures. Vitamin C isn't a substitute for sunscreen, but it does provide extra protection against oxidative damage that can lead to premature aging and skin cancer.

**Key Ingredients: RGN R14 AHA Exfoliating Cleanser 148ml**

R14 AHA Exfoliating Cleanser provides deep cleaning with a gentle 7.5% glycolic acid exfoliating action to leave face and body refreshed. It contains a water-based, non-toxic, naturally occurring substances found in a variety of fruits, such as grapes, apples, and sugar cane. Glycolic acid is a thorough exfoliator capable of penetrating into the deeper layers of the skin to increase the rate of dead cell shedding, new skin cell production and collagen formation.

Featured Ingredients	Function	Skin Benefits
Glycolic Acid	Exfoliating agent	<ul style="list-style-type: none"> <li>• Eliminates excessive cellular buildup</li> <li>• Removes debris from clogged pores</li> <li>• Excellent for pseudo-folliculitis barbae and keratosis pilaris</li> <li>• For face and body</li> <li>• Conditions skin</li> </ul>
Other facts	Others	<ul style="list-style-type: none"> <li>• Non-irritating</li> <li>• Non-comedogenic</li> <li>• Hypo-allergenic</li> <li>• Cruelty-free</li> </ul>

Glycolic acid is a natural ingredient derived from sugar cane, though it is now often made synthetically. It falls into the set of ingredients called AHA's, or alpha hydroxy acids. There are five ingredients that fall into the AHA category: glycolic (sugar cane), lactic (milk), citric (oranges and lemons), malic (apples and pears) and tartaric acids (grapes). Glycolic acid is probably the most common alpha hydroxy acid and has the reputation of being one of the safest forms of alpha hydroxy acid.

Glycolic Acid is an exfoliator. It safely removes the outer layer of dead skin cells on the surface your skin, bring fresh new skin to the surface. This is beneficial for those who are looking for ingredients that help with anti-aging. Glycolic acid can also help lighten discoloration of the skin, such as sun spots or age spots and help those with acne-prone and blackhead-prone skin.

**Key Ingredients: RGN N11 Pure Squalene Moisturizer 30ml**

100% pure squalane from olives, used for its natural moisturizing and protecting properties.

Featured Ingredients	Function	Skin Benefits
Squalane	Moisturizer, emollient	<ul style="list-style-type: none"> <li>• Restores suppleness and smoothness for younger-looking skin</li> <li>• Maintains skin's natural moisture level</li> <li>• Prevents water loss from the skin's surface</li> <li>• Absorbs quickly, leaving skin soft, supple, and smooth</li> <li>• Diminishes appearance of dry facial lines</li> <li>• Assists absorption of other active substances</li> <li>• Helps prevent the appearance of fine lines</li> <li>• Soothes rough, dry, irritated skin</li> <li>• Stimulates the healing process</li> <li>• Great for helping sunburns heal</li> <li>• Lightweight and non-greasy</li> </ul>
Other facts	Others	<ul style="list-style-type: none"> <li>• Non-comedogenic</li> <li>• Hypo-allergenic</li> <li>• Fragrance-free</li> <li>• Cruelty-free</li> </ul>

Squalane is an organic compound derived commercially from the liver of sharks and from plants and vegetable oils like olive oil. Squalane is more stable and has a longer shelf-life because it doesn't break down as easily. It's an intermediate compound in the synthesis of cholesterol, a fat that circulates in the blood. It's also needed to make vitamin D and some hormones that control various bodily functions.

Squalane has emollient properties. Emollients coat the surface of skin and help the skin hold on to moisture. They also soften the skin and smooth its surface, so skin looks and feels healthier. Squalane does this without creating a greasy or sticky feel. In addition, it's also an effective conditioning agent for hair. It conditions by coating and smoothing the hair shaft so that hair feels softer and looks shinier and healthier. Because of its emollient properties and its ability to enhance the penetration of other ingredients, squalane is found in a variety of cosmetic and personal care products including hair conditioners, bath oils, facial cleansers, moisturizers, anti-aging products, make-up foundations, eye creams, concealers, lipsticks and sunscreens. Squalane has benefits as a non-greasy emollient in skin care products and a conditioning agent for hair. It also helps to increase the penetration of other skin care ingredients.

**Key Ingredients: RGN R11 Pearl Gentle Cleanser 160ml**

RGN R11 Pearl Gentle Cleanser is a gentle foaming cleanser that removes makeup and cellular debris from pores. Lemon peel oil leaves the skin refreshed and soft. It contains calming antioxidants that helps soothe any redness and leaves skin silky smooth. It dissolves makeup, including eye makeup, and debris quickly; ideal for skin that can't tolerate much scrubbing. It also cleanses thoroughly without stripping skin's moisture and Leaves skin pH balanced with no film, eliminating the need for toner.

Featured Ingredients	Function	Skin Benefits
Citrus Medica Limonum (Lemon) Peel Oil	Cleansing	<ul style="list-style-type: none"> <li>• Utilizes gentle cleansing agents</li> <li>• Removes makeup quickly</li> <li>• Removes dirt and debris from pores</li> <li>• Eliminates the need for a toner</li> <li>• Prepares the skin for chemical services</li> <li>• Lightweight, not greasy or sticky</li> <li>• Contains lemon peel oil for silky skin</li> <li>• Great for sensitive skin</li> </ul>
Other facts	Others	<ul style="list-style-type: none"> <li>• Non-comedogenic</li> <li>• Hypo-allergenic</li> <li>• Fragrance-free</li> <li>• Cruelty-free</li> </ul>

Lemon Peel Oil is bold, fresh and clean, the scent of lemon is simply unparalleled. Lemon peel oil extracted from the rind of the lemon is anti-bacterial, deodorizing and energizing. When added to lotions, creams, salves and soaps, the lemon peel oil acts as a mood enhancer that clarifies and cleanses.
